Saloon Man Convicted of Perjury.

W. B. Samuels, a Danville saloon proprietor, was found guilty in the United States Court to-day of the charge of perjury, and his punishment fixed at three years in the Federal penitentiary and a fine of \$1,000. The defendant was found guilty on one count in the indictment, and a motion for a new trial was overruled. District Attorney Moore asked for the full penalty of the law, which is five years. Samuels was placed on trial last November and the case resulted in a hung jury.

The attorneys signified their intention of carrying the case to the United States Circuit Court of Appeals. Judge McDowell fixed the bond of Mr. Samuels at \$5,000, pending the application for an appeal. This afternoon the necused had been unable to furnish the bond. The case has attracted considerable attention, and is one of the fewen record where a conviction has resulted on a perjury charge.

Samuels was charged with swearing falsely in four counts. It is alleged that in another case tried here at the November term, in which Samuels was convicted and given thirty days in fall, he was asked while on the stand if the whiskey which he had sold to certain parties in Danville was blockade liquor; also whether he had removed or concealed blockade liquor, and whether he was either in the retail or wholesale liquor business.

RECOMMENDS CUTICURA SOAP AND OINTMENT

"One day we noticed that our little boy was all broken out with itching scres. We first noticed it on his little hands. His hands were not as bad then, and we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for Itching sories, etc., that I thought I would get them. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I went to the drug store and purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I stripped my little boy and took the Cuticura Soap and lukewarm water and washed him well. Then I dried him with a soft bath towel, and took the Cuticura Ointment and rubbed him thoroughly with it. I did this every evening before I put him to bed and in three or four nights he was entirely cured. You heve my permission to publish this because anybody who suffered as my baby did ought to know of the Cuticura Remedies. I will surely and gladly recommend the Cuticura Remedies, for they are a godsend to all suffering with skin diseases. Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907."

this morning between 5 and 5:30 o'clock by shooting himself through the temple.

No cause can be assigned for the terrible deed, except business troubles unknown to the public. The unfortunate man was at church last night with his wife, and has been apparently in the best of spirits lately.

This morning he arose at his usual hour and went to the post-office about 5 o'clock. At 5:30 a mill hand called early for his mall, and receiving no response from his calls went behind the counter, and there found Martin lying dead on the floor with a .38-callibre Smith & Wesson revolver clutched in his right hand. His head was in a large pool of blood, which had issued from the wound in his temple. The right side of his face was blackened and burned by the powder. Martin was about forty years of age; was married and had several children. He was a sober and industrious citizen, and was well known in Danville."
